

## SNUBBING / TUBING SURFACE SWIVEL

### PRODUCT 10-015 AND 10-018

The **TechWest Tubing Surface Swivel** and **Snubbing Surface Swivel** provides a safe means of rotating the tubing string while circulating with a treating line connected. It can also be used to facilitate the operation of other TechWest Packers, or for light drilling. It is often used in conjunction with the SST or B-52 Selective Tools, to provide a means of operating the By-Pass Valve while the treating line is connected.

### SPECIFICATIONS
